Key Discussion

Introduction:

The meeting took place at HRRP Office, Manthali, Ramechhap on Sunday, 13th November 2016. The formal meeting started with short introduction and was facilitated by HRRP District Coordinator. A total of 14 participants representing different organizations participated the HRRP district coordination meeting. The meeting was focused on HRRP Phase II, mason training coverage and gap and discussion in the challenges faced by POs and emerging issues in shelter recovery and reconstruction.

HRRP Phase II in Ramechhap:

District Coordinator presented the major objectives for HRRP Phase II. HRRP will mainly focus on coordination platform between POs and government authorities. HRRP will also support on information sharing related to local accessibility, local availability and local mobilization. HRRP coordination platform will discuss on challenges, emerging issues, gaps and also support on finding appropriate solutions. Some of major issues like additional top up and distribution mechanism for second tranche, gap of skilled masons, shortage of resources/promotion of alternative resource were briefly discussed.

Updates on PO's program Shelter Reconstruction:

HELVETAS/EFS is planning to work on vocational training for additional 400 masons and carpenters on gap VDCs with funding support of SDC. Kam for Sud resumed their vocational training for additional 30 Masons and 10 Carpenters in Saipu VDC. Initially they are having 10 days of Bamboo Training focusing on utilization of local alternative resource of timber. MEDAIR is giving technical support to the beneficiaries of Bijulikot VDC on DUDBC new building code. SDC also planning to support on housing recovery and reconstruction in technical assistance directly by mobilizing skilled master masons in each VDC of Ramechhap which in yet to be confirmed.

Mason training (coverage and gap at VDC):

Till date eight POs are working on mason training in several VDCs (21 VDCs and 1 municipality covered). Still gap in 23 VDCs and 1 municipality.

Open discussion:

Major emerging issues and challenges faced in Ramechhap were discussed in brief. There was discussion on following issues and also how POs can play their role to overcome those issues.

- Additional top up and distribution mechanism for second tranche
- Shortage of resources/promotional alternative resource
- Gap of Skilled Masons, PASSA, Model HHs
- Lack of communication among POs
- Lacking presence of Engineers in VDCs
- Not enough cash grant mostly for remote places/vulnerable
- Grievances

Action Points:

1. HRRP to share Mason Training database and to prepare booklet as well.
2. POs experience sharing from Kam for Sud on Bamboo Training (if possible)

Next Meeting:

Monday, 28th November 2016, HRRP Office, Manthali

Agenda: TBD
