Introduction:

The meeting took place at Nepal Red Cross Society Manthali, Ramechhap on 30th March 2016. The formal meeting started with short introduction. A total of 13 participants representing different organizations participated in the HRRP coordination meeting. District coordinator (DFP) facilitated the meeting and it was focused more on Enrolment process and partners support on enrolment centers.

Review of previous Meeting Minutes:

Reviewed previous meeting minutes and most of the action point have been completed. Remaining one action point will be completed by next meeting.

NRA update and Enrollment process:

District Coordinator has updated NRA working modality and also requested partner organizations to support in first pilot enrollment activities. He also briefed about enrollment process and emphasized support from partners in their enrollment centers. NRA seeks help from partners (NGO/INGO) in their enrolment centers during the working period. We also discussed on potential partners who can provide support in enrolment center.

Presentation:

There were two different presentations from MEDAIR and EFSR/HELVETAS related to Mason Training, PASSA and Model House Demonstration. MEDAIR gave presentation on Short training/skill development-Mason on EQ resistant construction (# of masons) in DUDBC curriculum and EFSR/HELVETAS gave presentation on same topic in CTEVT curriculum.

Update 4W and Information:

Information Manager presented updated 4W report and collects other relevant information. Also IM presented the dashboard and relevant documents from HRRP website. He will be sending email (updated 4W and information) to all concern partners twice a month.
