

The National Conference on DRR (NCDRR) was organized successfully by DPNet in coordination with MoHA, NDRRMA and other stakeholders at large from 24th- 25th February 2022 in Kathmandu. The overall goal of the conference was cross-learning of Disaster Risk Reduction Management in the context of Nepal where several cross cutting components related to DRR were discussed thoroughly. Spokesperson and Under Secretary of NDRRMA, Dr. Dijan Bhattarai shared a presentation that focussed on ongoing involvement of NDRRMA.

KEY HIGHLIGHTS

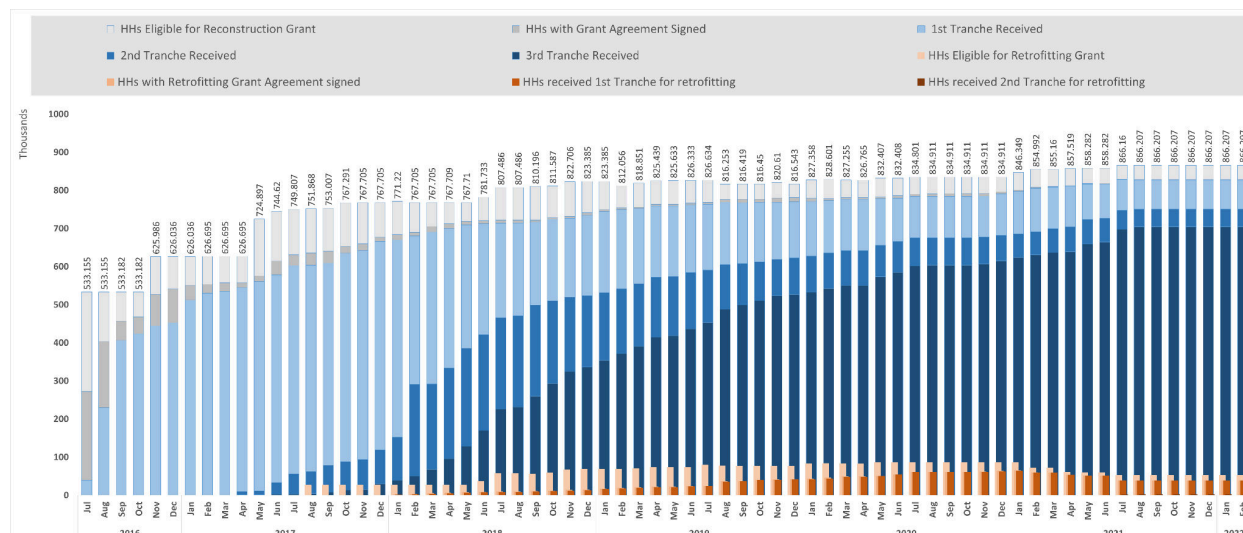

- i) [Government to make disaster information management effective; MoHA and NDRMA jointly providing supports](#)
- ii) [Learning Sharing National Conference on DRR \(NCDRR\) were organized in Kathmandu from 24-25 February 2022](#)
- iii) [DLPIUs to track the numbers of displaced landless and poor earthquake beneficiaries](#)
- iv) [CLPIU Building and Housing directs DLPIUs to complete private housing reconstruction by 9th April 2022 \(26 Chaitra 2078\)](#)
- v) [Government declares 33 local bodies from 10 districts as highly vulnerable locations from disasters](#)
- vi) [Government declares 5 local bodies as highly vulnerable by disasters](#)
- vii) [Government has announced relief programs to support farmers affected by 2021 October rain](#)

Progress with the disbursement of the GoN housing reconstruction and retrofit grants based on NRA GMaLI CLPIU data as of 28 Feb 2022

Government to make disaster information management effective; MoHA and NDRRMA jointly providing supports

The Government of Nepal, Ministry of Home Affairs (MoHA) has decided to establish a Disaster Management Database System (DMDS) for effective tracking and documentation of various disaster events in digital systems. According to Home Administration Reforms Action Plan, 2022, a software will be developed for the purpose of DMDS. Nepal police has been designated as the responsible agency for this purpose where the necessary support and coordination will be provided by MoHA and NDRRMA jointly. This system will provide real time data about hazards and disaster events, affected population and casualty. Currently, the Disaster Information Management System (DIMS) is being used by all the provincial governments and local levels as a common platform for disaster information management. The local levels of the provinces have access to the DIMS to update and provide relevant information related to disaster data from the field, which can be directly fed into the system. Learning & Sharing National Conference on DRR (NCDRR) were organized in Kathmandu

DPNet in collaboration with MoHA, NDRRMA, MoFAGA, other concerned Government Ministries and stakeholders and in technical & financial support of USAID/Tayar Project has successfully organized 'Learning Sharing National Conference on DRR (NCDRR)' from 24th to

25th February 2022 at the Soaltee Hotel, Kathmandu. The overall goal of the conference was cross-learning of Disaster Risk Reduction Management in the context of Nepal. The conference has brought DRR stakeholders in a single platform to discuss and share the contextual issues related to DRR and has built consensus to practice organizing similar national conferences on an annual basis to take stock of the learning, good practices and challenges from the ground.

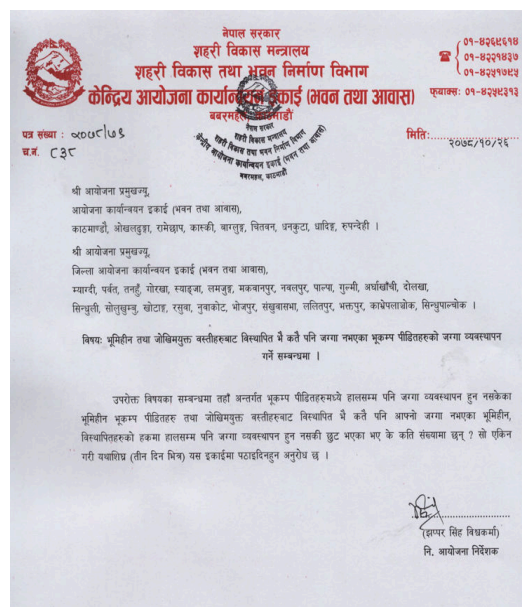

Inaugurated by Secretary of MoHA, Mr. Tek Narayan Pandey informed the conference participants that the Government is taking steps to mobilize three tiers of government in DRRM concept, while urging all concerned to tackle multi-hazard issues jointly. Secretary Pandey stressed on scaling up the existing early warning systems to sensitize people about disasters as well as to collect databases. First day of NCDRR emphasized discussions on disaster governance and localization of DRRM while various cross-cutting themes were highlighted on the second day including earthquake vulnerability, corpse management, indigenous measures in DRR, cash and voucher assistance, DRR information management etc.

Spokesperson and Under Secretary of NDRRMA, Dr. Dijan Bhattarai shared a presentation on key highlights of NDRRMA Ongoing Activities and Future Plan. Dr. Bhattarai informed the conference about eight priority areas of NDRRMA from where mobilization of three tiers of government in DRRM initiatives is in the utmost priority. NDRRMA has been collaborating with SWC to channelize the donors and partner organizations support in mdsa.bipad.gov.np. CLPIU Building and Housing directs DLPIUs to complete private housing reconstruction by 9th April 2022 (26 Chaitra 2078)

GoN MoUD CLPIU Building and Housing Office has issued letter and directed Project Implementation Units and DLPIUs of all concerned districts regarding decisions made by MoUD in relation to private housing beneficiaries, retrofitting beneficiaries and integrated settlements. CLPIU Building and Housing informed concerned DLPIUs to implement the necessary actions of grant approval of third tranche and complete by 9th April 2022 (Chaitra 26, 2078 BS). This decision is related to all kinds of beneficiaries of private housing reconstruction, retrofitting, beneficiaries that have been shifted from reconstruction retrofitting and vice versa and new beneficiaries that were declared last by December 2021. Access detail letter: <https://MoUDCLPIULetter>

Government of Nepal Ministry of Home Affairs published a Report on Incidents by Monsoon and Off-Season Rainfall 2078

The MoHA has published a consolidated report along with the database that has a compilation of districts affected by Monsoon and Off-seasonal disasters such as rain, flood and landslides. The document has detailed information on the number of incidents, human casualties, affected families and HHs, damage to shelter and to livestock etc. The report has highlighted the stakeholders and agencies responsible for forwarding response mechanisms with the affected citizens and households.

Access the report: <http://drrportal.gov.np/uploads/document/2319.pdf>

The Government of Nepal declares 33 rural/municipalities of 10 districts to be listed as highly vulnerable from disasters.

The Government of Nepal (GoN) through the Ministry of Home Affairs (MoHA) has published a notice on Nepal Rajpatra notice dated 6 December 2021 (20 Mangsir 2078) declaring 33 local rural/municipalities of 10 districts namely Bajang, Bajura, Baitadi, Dadeldhura, Doti, Darchula, Rupandehi, Ilam, Panchthar and Dhankuta as the most vulnerable areas from disaster perspectives until the end of Magh 2078 B.S. in accordance with Title 33 subtitle (1) of National Disaster Risk Reduction and Management Act 2074. To access the full decision click on the link: https://MoHA_list_of_highly_vulnerable_districts_by_disaster

Government declares 5 local bodies as highly vulnerable by disasters

Following the technical recommendations suggested by NDRRMA, GoN and MoHA have

declared 5 local bodies in the list of highly vulnerable from disaster point of view, till the end of Baishak 2078 B.S. This includes, 4 Rural Municipalities (Shikhar RM, Doti district; Bhageshwar & Ajayemeru RMs, Dadeldhura district; Naugadh RM, Darchula district) from Province no 7 and Barahchhetra Municipality, Sunsari district from Province no 1. These local bodies were kept in a highly vulnerable list as per the several recurrent natural disaster incidents that took place in key monsoon periods and in other times too. Several human casualties and loss of private and public property were recorded in the listed highly vulnerable local bodies. Detail news: [Five highly vulnerable local bodies](#)

Government has announced relief programs to support farmers affected by 2021 October rains

The Office of Prime Ministers and the Council of Ministers has decided to provide relevant relief packages and support to the farmers and affected people from the rainfall and flood of October 2021 (Kartik 2078 B.S) through formulation of procedural guidelines. MoHA has consolidated the statistics of the damage from October rains that has caused severe damage to cash crops such as paddy, vegetables, oilseeds and pulses along with damage to livestock, private shelters and properties. Access the decision and procedural guideline: <http://drrportal.gov.np/uploads/document/2318.pdf>

PARTNERS UPDATE

SUDRIDH project launched by Dan Church Aid (DCA) with local NGO partner Nepal National Social Welfare Association (NNSWA)

SUDRIDH, a 5-years project has been launched from January 2022 and implemented in the three municipalities of Mahakali River Basin namely, Bhimdatt Municipality, Dodhara Chandni Municipality and Parshuram Municipality by DCA- Nepal. The project aims to take an integrated approach to build a climate-resilient community with enhanced livelihood options of communities (including women, youths and small farmers), cross share learnings of disaster risk reduction and conduct forecast based anticipatory actions. Read more: [SUDRIDH project to implement in Bhimdatt Municipality](#)

Cash and Voucher Assistance as relief support to disaster affected people

Cash and Voucher Assistance (CVA) has proven to be an effective mechanism to distribute relief to people affected by seasonal disasters by giving them the right to choose what they need. Funded by DCA and implemented by local partner NNSWA and in close collaboration with Bhimdatt Municipality, CVA has included many items ranging from food and nutrition to agriculture inputs seeds to provide early recovery to disaster-affected people in Ward no

10 of Bhimdatt Municipality who have lost their houses, land and crop to the massive floods caused by the torrential rain of late October 2021. Read more: [Assistance to disaster affected people](#)

Nutrition, personal hygiene and dignity kits provided to flood affected people

NEEDS Nepal through a project funded by OXFAM Nepal has continued to provide non-food items support to flood affected people of Ward no 13, Sonapur, Bhimdatt Municipality, Mahendranagar district. A total 114 people hailing from October 2021 flood affected households were provided nutrition, personal hygiene and dignity kits materials. NEEDS Nepal have prioritized support especially to flood affected single women, ultra poor households, aged citizens, pregnant and lactating mothers. Read more : [Flood affected people received nutrition and dignity kits](#)

Winterization support provided by ActionAid Nepal to cold wave affected people

342 cold wave affected poor and marginalized families of Lahan and Dhangadhi Mai Municipality in Siraha district were provided with warm blankets to survive the extreme weather. With the support from UKAID in Nepal, the humanitarian response was done jointly by ActionAid Nepal, its local partner organization, Dalit Janakalyan Yuwa Club and District Disaster Management Committee (DDMC). [For news update: ActionAid Nepal | social media](#)

Low-cost bioengineering technologies were effective in controlling the landslides

Center for Integrated Urban Development (CIUD) has successfully conducted the PRAYATNA Project in Chaurideurali Rural Municipality of Kavrepalanchowk district with the financial support of the USAID's Tayar Nepal /Improved Disaster Risk Management Project. 2 sites of

Chaurideurali Rural Municipality were selected to introduce low cost bio-engineering technologies to control the landslides by which the area suffered severely. Capacity building of local governing bodies on DRRM were executed whereby equal focus was put on building resilient communities against hazards. During the end of project period in December 2021, the place has been seeing positive results through the application of appropriate bio-engineering technologies. HRRP presents the key findings of damage grade assessment to NDRRMA

On 13 February 2022, a meeting was organized between NDRRMA and HRRP Nepal at the meeting hall of NDRRMA to discuss the preliminary results of Damage Grade Assessment Study of Lamjung earthquake. The Chief Executive of NDRRMA, Mr. Anil Pokhrel chaired the meeting. It was decided that HRRP will continue to provide technical support to NDRRMA especially in undertake tracking urban and rural ward wise geographic images of quake affected HHs by Lamjung earthquake where OpenStreetMap data sources will be utilized as well as visualization of data and information to be carried on using existing Max R images for advocacy to provincial and local governments to continue supporting housing reconstruction of beneficiaries affected by multi-hazards. Similarly, NDRRMA will facilitate a workshop on Localization Study soon in order to address the multi-hazard issues from the local level.

HRRP supports NDRRMA to update current situation of fire brigade status of local government across the country

With the dry season approaching nearer, NDRRMA is in the process of updating the fire brigade datas from all 753 municipal governments across the country. NDRRMA in close coordination with HRRP Nepal has provided orientation to focal persons of all 753 local bodies (Urban and Rural Municipalities). HRRP Nepal has managed to accumulate updated data on fire brigade from 270 municipal focal persons. Another orientation session will be organized for those who were unable to attend the previous sessions. This data update is targeted to complete by 8 March 2022 (24 Falgun 2078 B.S).

PROVINCIAL UPDATES - GANDAKI

The ReCoVER project, supported by CRS, planned to reconstruct the houses of 2,000 HHs in Province 4 where **Lamjung, Tanahun and Kaski** are the working districts in close coordination with respective DLPIUs. Till date, a total of 550 left out beneficiaries have already reconstructed their houses through either materials or top up support from the project. Continuous Socio Technical Assistance is being provided to the beneficiaries

through technical staff so that they could initiate the halted reconstruction in the field. DLPIU Housing and Building technical staff have already completed the inspection forms of these beneficiaries and proceeded for the remaining tranche.

PROVINCIAL UPDATES - LUMBINI

Rukum East: Through the collaborative efforts of key district stakeholders including the District Administration Office, District Coordination Committee and Palikas, Rukum East district has prepared 'Snowfall-induced Disaster Response Plan 2078'. This district faces heavy snowfall during colder months, hence the plan is aimed at safeguarding the citizens and communities from snowfall induced disaster and to take mitigation measures to reduce the effect. Read more: <https://Snowfall induced disaster response plan 2078>

Palpa: Caritas Nepal has planned to support disaster affected HHs in Bagnaskali Rural Municipality, Ribdhikot Rural Municipality and Tansen Municipality. Altogether 4 HHs located in Bagnaskali RM, Ward no. 1, 6 and 9. One HHs in Tansen Municipality, Ward no. 13 and 2 HHs at Ribdikot RM of Palpa district that were severely affected by seasonal natural disasters and have faced critical shelter conditions. The proposed support by Caritas-Nepal amounts Rs 30,000 for each affected HHs for their shelter reconstruction.

PROVINCIAL UPDATES - BAGMATI

Makwanpur: Through multisectoral ReCoVER Project, till date top up support has been provided to 462 HHs and 94 HHs with material support. For these HHs, mobile masons and technical teams have been deployed for the socio-technical support to complete their houses. Some HHs were found missed during registration, therefore a field verification process is ongoing for inclusion of these HHs after coordination with concerned local authorities. Till date, 460 HHs have been supported through agricultural inputs, while some of them were trained on improved vegetable farming too from the technicians.

NATIONAL PRODUCTS

HRRP PRODUCTS

Vulnerable Households Reconstruction Caseload Remaining (February 2022):

Palika Profiles (Municipal Reconstruction Profiles)

The recovery profiles contain various updates on the reconstruction and recovery at the Municipal level for all 282 earthquake-affected municipalities. The municipalities are updating the profiles monthly with technical support from HRRP.

Reconstruction and Retrofitting Information Pack

This highlight the reconstruction and retrofitting progress in all 32 earthquake-affected districts at the municipal level. This data is updated by HRRP district staff in close coordination with municipal focal persons. The links will be automatically updated to provide the reconstruction snapshot (PDF) for the month.

Municipal Dataset on Reconstruction

CSV, PDF

A composite dataset for 282 municipalities (urban status, damage grade, reconstruction, retrofitting and vulnerable HHs as identified by NRA can be assessed here as CSV and PDF). The dataset is updated by the municipalities with support from HRRP.
