Dashboard

- Dashboard include the Po Activities-4W, Housing Progress and Housing Typology.
- Here in this snapshot, it shows the PO Activities with respective to 4W.
- <http://www.hrrpnepal.org/maps-infographics/dashboard>

Dashboard->Housing Progress

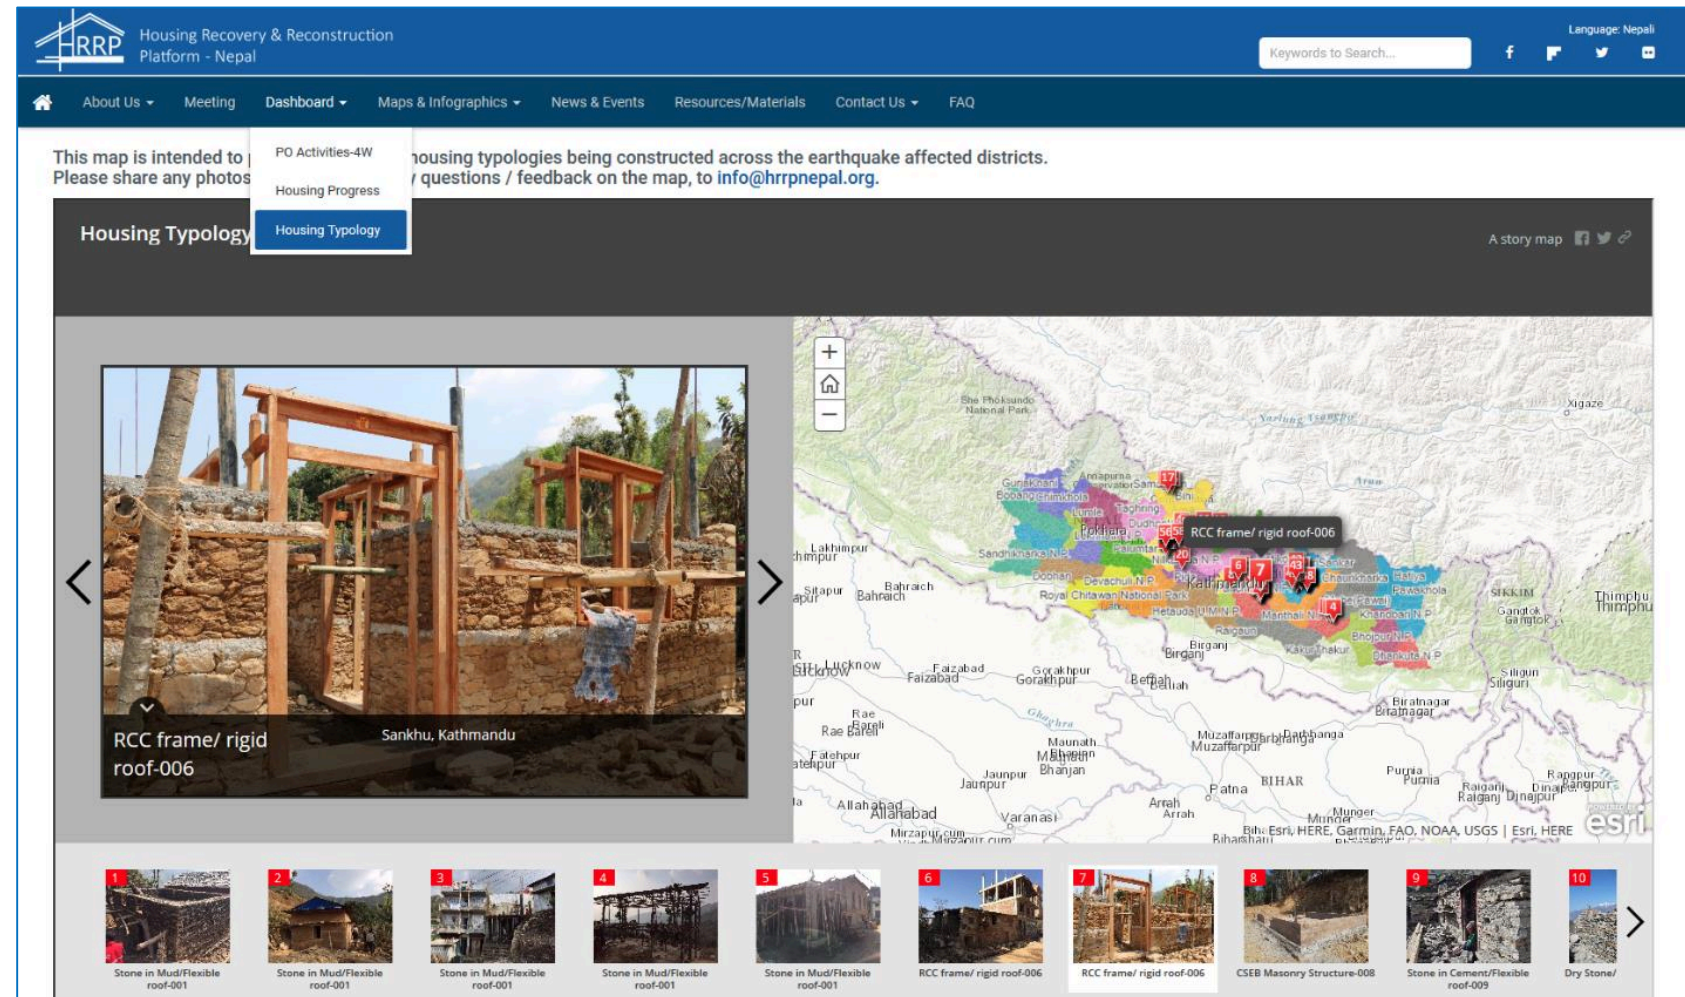

- Dashboard/Housing Progress illustrates the status of reconstruction, Compliance and Non compliances, Tranche and over all progress.
- <http://www.hrrpnepal.org/housing-update>

Dashboard->Housing Typology

- Dashboard/Housing Typology is intended to present the various housing typologies being constructed across the earthquake affected districts.
- <http://www.hrrpnepal.org/housing-typology>

Map & Infographics

- Map & Infographics have three section. But this snapshot represent the Map, Such as Administrative, Coverage & Gap, General Map, Thematic and enrollment map. It also present visual scenario of activities whit district wise.
- <http://www.hrrpnepal.org/maps-infographics/maps>

The screenshot shows the HRRP website interface. The header includes the HRRP logo, the text 'Housing Recovery & Reconstruction Platform - Nepal', a search bar, and social media links. The navigation menu has 'Maps & Infographics' selected, which has opened a sub-menu with 'Maps', 'Infographics', and 'Dataset'. The main content area is titled 'Maps - Show All Maps' and shows a grid of six maps. The first three are administrative maps for Dhading, Dolakha, and Gorkha districts, each with a 'DOWNLOAD [PDF]' link. The last three are thematic maps related to technical assistance coverage. The right sidebar contains two sections: 'Maps & Infographics Categories' with links for Administrative Maps, Coverage & Gap, General Maps, Thematic Maps, and Enrollment Maps; and 'Maps & Infographics by Districts' with a list of districts including National, Dhading, Dolakha, Gorkha, Kathmandu Valley, Kavrepalanchok, Makwanpur, and Nuwakot.

Map & Infographics

- Infographics present the general infographics and District profile which captures a wide range of planned, ongoing and completed activities within the HRRP framework. As highlighted in this snapshot.
- <http://www.hrrpnepal.org/maps-infographics/infographics>

The screenshot shows the website [hrrpnepal.org/maps-infographics/infographics](http://www.hrrpnepal.org/maps-infographics/infographics). The header includes the HRRP logo, the text 'Housing Recovery & Reconstruction Platform - Nepal', a search bar, and social media links. The main navigation bar lists: About Us, Meeting, Dashboard, Maps & Infographics, News & Events, Resources/Materials, Contact Us, and FAQ.

The main content area displays a grid of infographic thumbnails. Each thumbnail includes a title, a date, and a 'DOWNLOAD [PDF]' link. The thumbnails are:

- Two Years On**: 24 April, 2017 - Infographics. Size: 3 MB.
- Housing Recovery and Reconstruction**: 10 May, 2016 - Infographics. Size: 6 MB.
- One Year On - Nepal Earthquake 2015**: 24 April, 2016 - Infographics. Size: 2 MB.
- District Profile - Bhaktapur (as of 10 Aug 17)**: 17 August, 2017 - Infographics. Size: 233 KB.
- District Profile - Dhading (as of 10 Aug 17)**: 17 August, 2017 - Infographics. Size: 616 KB.
- District Profile - Dolakha (as of 10 Aug 17)**: 17 August, 2017 - Infographics. Size: 465 KB.

On the right side, there is a sidebar titled 'Maps & Infographics by Districts' with a list of districts: National, Dhading, Dolakha, Gorkha, Kathmandu Valley, Kavrepalanchok, Makwanpur, Nuwakot, Okhaldhunga, Ramechhap, Rasuwa, Sindhuli, and Sindhupalchok.

Map & Infographics

- Dataset is the 4W of 14 district, submitted by partner organization who work under housing reconstruction.

Dataset

4W-R36-National-HRRP-Public-170725.xlsx :: 31 July, 2017

HRRP 4W is submitted by partner organizations who work under housing recovery and reconstruction sectors in 14 most affected districts in Nepal. The list of partner organisations (sources) could be found in sheet "PO_List" within the dataset.

Download
1 MB

Other Information

Source	Partner organisations in housing sector
Methodology	The HRRP 4W data is collected at district level through collective inputs from partner organizations on their activities pertaining to housing sector. With orientation and training on the 4W template, district information management focal points assist all partners in filling and submitting the data every two weeks. District level 4W data flows to HRRP national level, where the compilation and cleaning are done and information products are produced according to the latest dataset. Data validation is done at district level upon submission of 4W data by partner organisation and further verification could be triggered by HRRP at national level when needed.

Questions and Answers Document

This document attempts to provide responses to questions regarding the housing recovery and reconstruction. The responses provided have been gathered from relevant Government of Nepal (GoN) bodies, and have been formally and informally sourced. The information provided is not official, but is correct at time of publication and will be regularly updated. The **HRRP Briefing Pack** compiles many of the source documents referred to in the Q&A. Questions for inclusion in future versions of this document can be shared via info@hrrpnepal.org or through the relevant HRRP District Coordination Team. The questions and answers are currently grouped under four topics, **Programme Setup**, **GoN Housing Grant**, **Housing Standards**, and **FAQs from Households / Communities**.

FAQ Categories

- Programme Setup
- Government Housing Grant
- Housing Standards
- FAQs from Households / Communities

Questions List

- Which GoN body is responsible for the housing reconstruction programme?
- Does the GoN have a reconstruction policy? Which GoN guidelines regarding the housing reconstruction are available and where can they be found?
- What is the process for a PO to have an MoU in place with the

Q: Which GoN body is responsible for the housing reconstruction programme?
15 April, 2017
The National Reconstruction Authority (NRA) formed after the earthquake is the apex agency for reconstruction activities. For the housing reconstruction, the Ministry of Federal Affairs and Local Development (MoFALD), through its Central Level Programme Implementation Unit (CL-PIU) and District Level Programme Implementation Units (DL-PIUs), holds primary responsibility for the disbursement of the housing grant. The Ministry of Urban Development (MoUD), through its Central Level Programme Implementation Unit (CL-PIU) and District Level Programme Implementation Units (DL-PIUs), and the Department of Urban Development and Building Construction (DUDBC) have primary responsibility for the technical standards and staffing that will govern the reconstruction. The Post Disaster Recovery Framework (PDRF) is the guiding document for the overall recovery and reconstruction and "encapsulates the policy and institutional frameworks for recovery and reconstruction, as well as outlining implementation arrangements, projected financial requirements and immediate next steps necessary to ensure implementation of recovery and reconstruction activities". The Programme Overview and Operations Manual Summary for the Rural Housing Reconstruction Programme provides a useful summary of the roles and responsibilities of the various actors involved in the housing recovery.

Q: Does the GoN have a reconstruction policy? Which GoN guidelines regarding the housing reconstruction are available and where can they be found?
