Key Discussion

Introduction:

The meeting took place at HRRP Office, Manthali, Ramechhap on Thursday, 26th January 2017. The formal meeting started with short introduction and with the information on the change of leadership in NRA which was facilitated by HRRP District Coordinator for Ramechhap with total of 8 participants. The meeting was mainly focused on the six components of Technical Assistance (TA) and coverage of TA in the district per VDC's, overall mason training coverage and gaps, NRA updates on grievance handling and OJT, IM Updates, discussion and planning on one day technical workshop and supply chain assessment. Partner Organizations (PO's) were encouraged/suggested to cover the whole VDC for uniformity and to avoid duplication.

Map and discussion on Technical assistance in 6 component coverage:

6 components on Technical Assistance and coverage of Technical Assistance over the 14 most earthquake affected district were provided to participants. Similarly a coverage map of TA in the district provided and insisted partners to focus on the 6 components.

Mason training coverage and gaps:

Mason training coverage and gaps in the district was also shared and HRRP stressed the acute shortage of trained masons in the district. HRRP also shared some experience from the field regarding some bad practices of reconstruction due to lack of trained masons in the VDC's.

IM updates:

PO's were informed on the addition of WASH components and were asked to provide information on WASH activities in their working area. They were also informed that from February there will be the addition of WASH component in 4W.

Planning on One day Technical orientation and Supply Chain Assessment:

Planning on One day technical Orientation is done and a date for workshop is fixed as 6th February 2017. Similarly a discussion was done for supply chain assessment and confirmed that all partners are ready to support the assessment.

NRA decision on grievance handling and OJT:

All partners were provided with an information on NRA's decision on grievance handling and On the Job training.

JICA Monitoring tool on impact of mason training:

Enough discussion cannot be done about JICA Monitoring tool on impact of mason training, this will be discussed in detail in our coming HRRP meeting.

Next Meeting:

Monday 6th February 2017, S.S Evergreen Restaurant, Manthali, Ramechhap.

Agenda: Technical Workshop (Experience Sharing on Technical Assistance)
