

Activity Report of Training

Name of Training Program	<i>Four days Training on social mobilization for social mobilizers in reconstruction</i>		
Program Brief	NRA conducted a four-day Training on Social mobilization for social mobilizers in reconstruction in Dhading on 02-05 March 2020. Social mobilizers and focal engineers from various rural and urban municipalities of Dhading district participated in the training. A total of 35 participants including 23 newly recruited social mobilizers and 12 focal engineers working in the district participated in the training. The training was focused on strengthening capacity and enhancing knowledge and skill of social mobilizers, focal engineers on social mobilization aspects. The participants were inducted on NRA policies and guidelines, including terms of reference (ToR) of social mobilizers. The training is being coordinated by DLPIU-Building in consultation with CLPIU-Building. The CLPIU-Building, GMaLI, World bank(WB), DLPIU-Building, GMaLI, HRRP shows their active presence and contributed enthusiastically as a trainer on social mobilization training. The training curriculum is being developed by NRA. The majority session of training was designed from social aspect and some technical sessions were also included. The training is being inaugurated by Mr. Jagannath Nepal-Chief of DCC welcoming all the participants and trainers present over there where Mr. Jayaram Shrestha-Chief of GMaLI was invited as chief guest. Pre exam and post exam of participants was conducted on first day and final day of training in which all have done their best. Various practical session including group work, group presentation makes the training really productive. The training was completed in time and on final day certificate distribution was provided to participants and trainers. Some important session of training includes: Basic role of social mobilizers and focal engineers, Facilitation and presentation skills, conflict management, PRA tools, Basics of GESI, vulnerability as defined by NRA, Basics of ODR, Mobile application survey, NRA introduction, policy and guidelines, NRA Tranche disbursement procedure to beneficiary, Basics of retrofitting and retrofitting techniques.

HRRP Participation Date	<i>02-03-2020 to 05-03-2020</i>		
Organizing Partners	<i>1. NRA</i>		
	<i>2. CLPIU Building</i>		
	<i>3. DLPIU Building, Dhading</i>		
Number of participants	Male	Female	Total
	20	15	35
Resource Persons from HRRP	<i>Kirti Chandra Joshi, Technical Coordinator</i>		

Counterpart Coordinator	<i>Focal person for training</i> <i>Rabin shrestha</i>	<i>Contact No.</i> <i>9841221194</i>
Session and Observations		
<i>Sessions Delivered from HRRP</i>	<i>Special Observation</i>	
1. A introduction and basics of vulnerability as defined by NRA	The training event was completely new for the newly recruited Social mobilizers and focal engineers working in the districts. The training curriculum was developed by NRA. This session has major two objectives: To make clear to participants regarding vulnerable people and vulnerable settlement as defined by NRA and other one: what are vulnerable group of beneficiaries and categories of vulnerable mentioned by NRA in workplan. This session also focused on how social mobilizers should work on identification and verification of vulnerable beneficiary and also on identification of beneficiaries who aren't able to start reconstruction and role of SM in reconstruction. All the participants were clear regarding Workplan developed by NRA on vulnerability after this session. Participants were clear about the identification of vulnerability based on 4 category and Various queries were discussed during the session regarding support type provided to vulnerable beneficiary. Various practical reasons were shared from participants of different UM/RM regarding reason behind non-construction of houses. It was also made clear to participants regarding proper supported documents needed of vulnerable beneficiary so as to receive additional 50,000 topup. Sample of NRA identified vulnerable beneficiaries list of dhading district was also shared during the session and how the SM should work on collection of information and what documents to collect was mostly discussed. All the participants had actively and enthusiastically participated in the session. Furthermore, the participants requested for the presentation slides and list of NRA identified vulnerable beneficiary of Dhading and was provided to all.	
2. Basics understanding of disability	In this session, video demonstration was done to make clear about understanding of disability. An example of Deepak KC -architect engineer by profession was been displayed that shows how ease or difficult he has to face in his own country and foreign and what's difference and similarity he has found in his own country and foreign as being a disabled one. Video also focuses on category of disability in Nepal's context and support provided to them from government. An important message was shared that building should be constructed keeping in view from disability prospect and should made a building more disable-Friendly. Also, group work and group presentation was being carried out during the session. HRRP had captured all the video of presentation and had	

	presented/displayed during the session which seems interesting and was appreciated by all.
