News & Updates

Three patients have tested positive for Dengue in Dhading district. Among the patients who visited the District Hospital for checkup were diagnosed with the mosquito-borne disease after a blood test, informed doctors at the hospital. After being diagnosed with Dengue, they were referred to Teku-based Shukraraj Tropical Hospital in Kathmandu. Doctor said that Aedes aegypti and Aedes albopictus mosquitoes bite in the day time and breed in clean water. Mild to high fever, severe headache, pain in the eyes, muscles and rashes are some of the symptoms of the disease. <https://thehimalayantimes.com/nepal/2-test-positive-dengue-dhading/>

Field Visit Reports

Date	Location	Participants
5 & 6 October 2017	Thakre VDC, Thakre Rural-Municipality	Prabin Gautam, Sachin Sapkota
Objective(s)	- Due to low partnership agreement signed rate within the district. - To know real scenario of beneficiaries at field and interact with the people's representatives regarding the construction rate, price and ease of construction material.	

Summary	HRRP Dhading conducted one day field visit to Thakre VDC of Thakre Rural Municipality. The main objective of the field visit was to know real scenario of beneficiaries at field and interact with the people's representatives regarding the construction rate, price and ease of construction material. Also, this field visit was conducted due to low partnership agreement signed rate within the district. During the field visit HRRP team aware beneficiaries of different types of house designed available by NRA and suggested to take their respective tranches within the deadline of NRA.
----------------	---

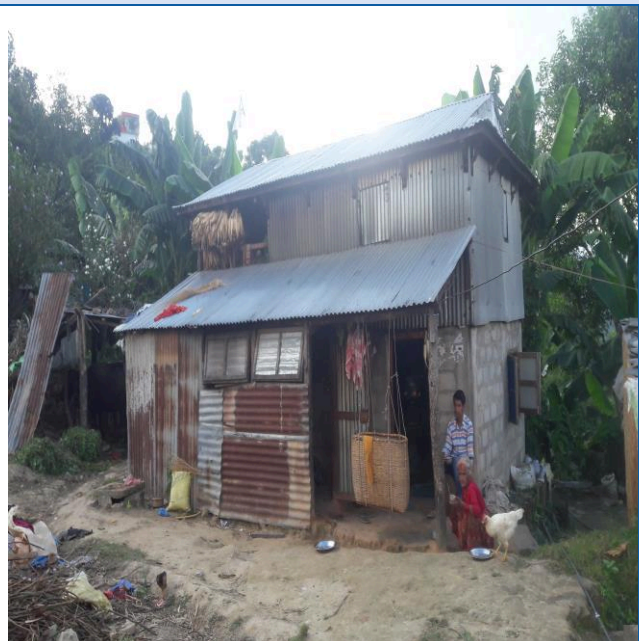

Challenges / Issues Identified	Action Required	Responsible	Timeframe
Due to lengthy process of NRA, DUDBC and MoFALD, beneficiaries are frustrated when they will receive further tranches.	Aware people of such process	HRRP, NRA, DUDBC, I/NGOs.	ASAP
For load bearing structure mud, stone, sand should be transported from other places which increases cost of construction due to longer distance.	If any means of transportation facilities is available.		ASAP
Poverty (Low income rate)	Due to low earning and poverty, construction of houses is being difficult.	Beneficiary	
Insufficient number of skilled masons in the VDC	Conduct 7 days and 50 days mason training in the area	HRRP	ASAP
