

Earthquake Response Operation

Tilak Khand Thakuri
Shelter Officer (Engineer)

Overview

- ERO implementing since Jan 2016
- Integrated recovery operation

ERO Working VDCs

1. Kalleri VDC

With funding of Korean Red Cross

1. Katunje VDC

With funding of Luxembourg Red Cross

What we are doing

Shelter

1. Training to mason with complying build back safer concept
2. School Buildings and Community Buildings
3. Safe Shelter Awareness Activities
 - Participatory approach to safe shelter awareness (PASSA) facilitator training and roll-out
 - Installation of Shelter awareness board and radio messaging

Achievements

- Four events of 7-days mason training (2 events for each VDC) – *120 nos of mason trained*

#Kalleri VDC- 60nos

#Katunje VDC- 60nos

- PASSA facilitator training for each VDC has been conducted – *64 people were trained*

#Kalleri VDC- 32nos

#Katunje VDC- 32nos

Continue:

- PASSA roll out at ward level (All ward of each VDC)

#Kalleri VDC- 258nos

#Katunje VDC- 263nos

- Safe Shelter Awareness (10key message) Flex installed

- Building construction on going

#Kalleri VDC- 3 school building and Sub-chapter building

#Katunje VDC- 5 Schools building and Community building

Issues and Challenges

- Shortage of skilled manpower
 - Gap in knowledge dissemination of build back safer to root level
 - Technical Verification
 - To ensure quality of construction
 - Market access
 - Haphazard and scattered in construction of rural housing
-

Experience and Learning

- Engagement of Community and concerned stakeholders is the most crucial
- During prioritization, one need patience, understanding of social dynamics and unbiased approach.

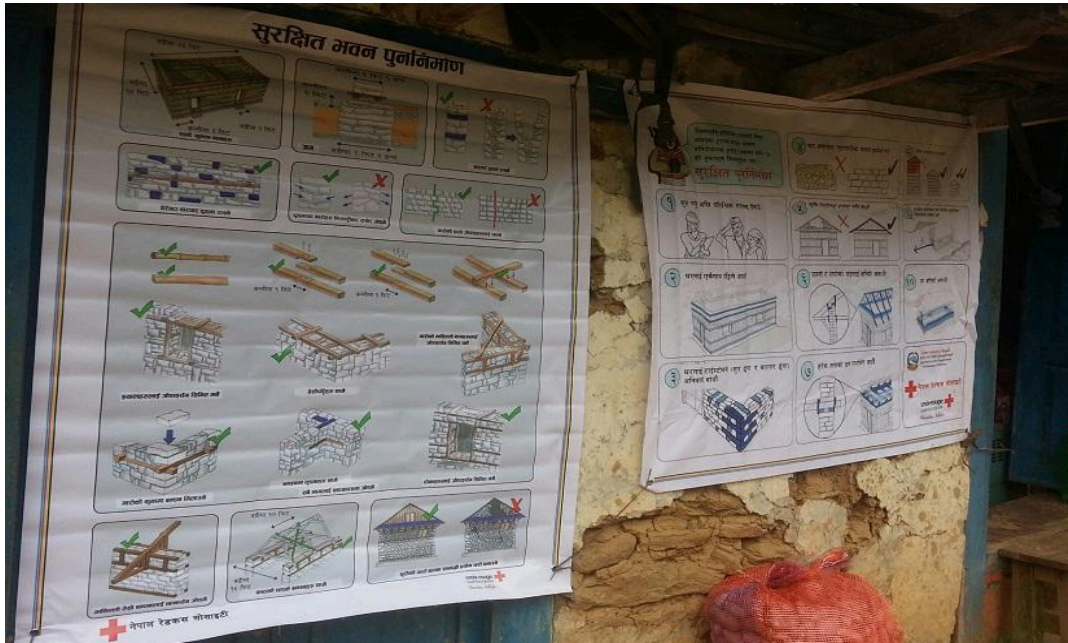

Some Glimpses

PASSA rollout at ward level

PASSA rollout at ward level
